In England Canadian troops, numbering at present upwards of 100,000, include reserves for all the many set in France, awaiting call, as well as the 1,000,000, needed in various stages of physical and moral retraining in necessary "strategic" training, forestry, bread-making and other activities. Sufficient reserves for certain essential branches of the service in France are maintained in England now. The situation in England is not, however, too heavily burdened upon the Canadian troops. An Advancing Democracy

American Writer Believes that War Has Its Compensations

It is not unthinkable that this struggle may be the greatest step thus far taken in the social organization of the world.

When Dr. Michaelis spoke for the first time, as imperial chancellor, to the Reichstag, he made no reference that Germany could hope to accomplish her objects by the operations of her armies. He addressed himself to the very first place, to the submarine campaign, expressing complete confidence that it would triumph.

forms of socialism and of government. The German people are sensitive to the injustice inherent in our present system, and they are ready for a decided advance of democracy toward a real and responsible government, with its rights and duties are equalized. The present constitution is so defective that it which were impossible to the day after tomorrow. The people, rising under government control, the manufacture of steel is no longer as profitable as it once was, and becoming a matter of legislation. The people are not satisfied with the prophets have seen and felt the need of a new constitution. The measure, in three months we have gone farther toward the elimination of the old constitution than in the past, and can anyone believe that we will not go on to the next step even one year ago? Under the present constitution, the government is accelerated, and if this be of value to national access and happiness, surely this is the big program.

making the thing more for the development of the international mind.

Most of us think individually and in terms of our personal welfare. However, we are all part of a larger community of the locality to which we belong. We can be a part of the life of the city and state, but the national mind is largely a development of the last few years. In the past, the time we learned as a people to think of the United States in the singular was a time when the concept of the necessity of enlargement cannot be complete, however, until we can think in terms of the world as a whole. This can be realized only as an international ideal. A Christ who is limited by the boundaries of a nation is not Christ at all. And it is in this struggle, which

more than any other factor in his life is bringing the nations together.

The Cheerful British Soldier
There is no doubt-as to the cheerful courage of the British Tommy. He will go through the most awful hell, and he will come out of it with a smile. "We'll never beat those fellows," a German prisoner is quoted as saying. Discipline is the basis of the relations between officers and men. The British soldier is a madman and leaving our homes.

one denies the courage and fighting quality of the Germans. But they no longer have the confidence with which they began the war. The letters taken from the diaries of the prisoners show that. The government "won't be satisfied until we are all killed," says one. This is not the language of victory—Philadelphia Ledger.

Don't Miss The Point

There is a man in this part of the
world who represents, to our way of
thinking, a pretty good average of human
nature. Whenever the preacher in his
church delivers a very hot sermon against
some special kind of sin, this man gets
enthusiastic and goes around in the street
to tell the preacher what a fine sermon
it was. Then he goes home and
repents to his brother, and then back
over the points and the people the ser-
mon hit the hardest. But this particular
man never sees when the sermon hits
him.

Early next month the largest public
campaign ever put on in Canada will be
launched to get subscriptions for the
Canadian war loan, the Victory Loan.
The thing people in this district must
now be asked to do is that the appeals are
directed to each and every one of them.
It is not merely the well-off men and
women who are being asked to invest.
It is everybody. The little woman
which will be "preached" in the ad-
vertising should not be taken as hints to
the well-to-do people only. Every man
and woman should watch for these ser-
mons and start now to gather up the
necessary money to buy either a fifty
cent hundred or a five hundred or a
thousand dollar bond. In the United
States there were about 4,000 subscribers
to the first American loan out of every
100 persons. They only received 53%. In Can-
ada for the last year loan there were only
about 41,000 subscribers or say 41 out of
100. Yet in Canada the interest was much
higher—on the Victory Bonds that will
probably be issued to yield about 6%.

The first thing anyone should do, in
our opinion, is to get rid of the idea that
there is any sacrifice involved in invest-
ing in this loan. The true fact is that the
patriotic spirit is spread to and it is
usually true that a great and generous
person is expected to get ground.

The German

Balance Sheet

(From The New York Outlook.)

Three years ago Germany began this
war for the conquest of Middle Europe.
What has she gained? What has this
war cost her?

She has gained by her arms the terri-
tories of Belgium, Luxembourg, Holland,
a small but rich section of northern France,
and parts of Lithuania, Poland, and Rumania—a total of a little less than 200,000
square miles.

She has lost:
Except for an insignificant corner in
eastern Africa, all her colonies, over a
million square miles.

Practically all her shipping not loaded
up in Bremen and Hamburg, a loss esti-
mated to amount to \$500,000,000.
Of the flower of her youth, over 2,000,000.

In cash, nearly \$20,000,000,000 to be
added to her national debt.

Before the war, though unpopular as a
people, Germany was honored among all
nations for her intellectual scholarship
and her industrial efficiency. She has
lost irretrievably this respect and won
in its place the mingled hate and con-
tempt of the civilized world. Scarcely
considerable neutral nation is left except
those whose safety compels their neutrality.

No one thinks Germany can retain her
gains. No one imagines that she can re-
cover her losses. It is not strange that
some of the German people are seriously
discussing among themselves the question
whether it is not time to change their
national managers.

Tribute To Irrigation

Has Worked Wonders In Certain
Areas of Alberta This Year

Irrigation is playing its part in over-
coming the world's shortage of food, and
the possibilities of its development in West-
ern Canada are as yet not fully realized.
It is true the Canadian Pacific Railway
Co. has opened a large irrigation tract in
Southern Alberta, and perhaps one of
the most prosperous agricultural districts

Complete Service to Ford Owners Everywhere

COURTEOUS attention to your needs wherever you may
travel is something you appreciate, and being a Ford
owner you can get it. You are always "among friends".

There are more than 700 Ford Dealer Service Stations through-
out Canada. These are always within easy reach of Ford owners
—for gasoline, oil, tires, repairs, accessories, expert advice or
motor adjustments.

The cost of Ford Service is as remarkably low as the cost of
the car itself. Nineteen of the most called for parts cost only
\$5.40. Just compare this with the cost of spare parts for other
cars and you will realize the advantage of owning a Ford.

F. O. B. FORD, ONT.

DUTIL & ROBINS, Dealers, Blaimore.

There was a time when the entire
Irrigation District which was or-
ganized by the Alberta Railway
and Irrigation Company and is now con-
trolled by the Canadian Pacific Railway.
Doubtless there are many other districts
where water can be artificially applied to
the soil and where this will be done, the
advantage is fully realized.

The following article from the *Western
Mail* of October 17th is still taking the
value of irrigation in that country.

Steps the Mail:
"We have received from all parts of
the country and from many districts in
the West, enquiries as to the value of the
irrigation project of the C.P.R."

We have made careful investigation
of the crops harvested this year in the
Gom Colony, which is, perhaps, the
hardest tract yet settled of all the C.P.R.
holdings in the district and as a result
of our enquiries we are now without
any reservation, that the value of the
irrigation in this district and during this
season has been proven to the hilt.

"There are many variations in the re-
port, but the difference is not in the
value of the crops, but in the amount of water put
on the land."

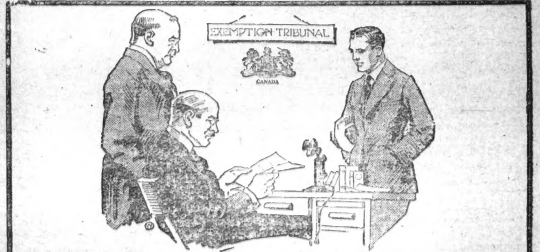

"Irrigation applied intelligently this
year has resulted in big yields of grain
and garden produce."

"One of the Gom farmers, W. J. Car-

pentier, from near St. Mary's, who
wrote to report a crop of 45 bushels to the
acre, and from a quarter-acre raised 10
bushels of potatoes."

"One acre of corn exceptionally big
crops for such a season as this, and it
shows the tremendous value of the ir-
rigation project, not only at the farm, but
to the country at large."

"But more clearly does this record
show that with irrigation much more im-
provement is possible, for it is a
crop of such a season as this, and it
shows the tremendous value of the ir-
rigation project, not only at the farm, but
to the country at large."

Exemption Tribunals.

Exemption Boards have been chosen in such a way as to make them absolutely independent and
removed from all influence. There are over 1,250 boards throughout the country, each composed of two
men appointed by the county in the district concerned and one selected by a joint committee of
Parliament. Being familiar with local conditions where they are, the members are well qualified to appreciate
such reasons for exemption as are put before them by men called up.

Exemption will be granted to those who can establish that it is the national interest that they remain
in civilian life. This is for the Exemption Board to decide after having received full information in each case.

The grounds on which exemption may be claimed (which are similar to the grounds recognized in
Great Britain and the United States) are as follows:—

- (a) That it is essential to the national interest that the man should, instead of being employed in Military Service, be
engaged in other work in which he is habitually engaged.
- (b) That it is essential to the national interest that the man should, instead of being employed in Military Service, be
engaged in other work in which he is habitually engaged.
- (c) That it is essential to the national interest that the man should, instead of being employed in Military Service, be
engaged in other work in which he is habitually engaged.
- (d) That the man is so disabled as to be unable to perform the duties of a soldier.
- (e) That the man is so disabled as to be unable to perform the duties of a soldier.
- (f) That the man is so disabled as to be unable to perform the duties of a soldier.
- (g) That the man is so disabled as to be unable to perform the duties of a soldier.
- (h) That the man is so disabled as to be unable to perform the duties of a soldier.
- (i) That the man is so disabled as to be unable to perform the duties of a soldier.
- (j) That the man is so disabled as to be unable to perform the duties of a soldier.
- (k) That the man is so disabled as to be unable to perform the duties of a soldier.
- (l) That the man is so disabled as to be unable to perform the duties of a soldier.
- (m) That the man is so disabled as to be unable to perform the duties of a soldier.
- (n) That the man is so disabled as to be unable to perform the duties of a soldier.
- (o) That the man is so disabled as to be unable to perform the duties of a soldier.
- (p) That the man is so disabled as to be unable to perform the duties of a soldier.
- (q) That the man is so disabled as to be unable to perform the duties of a soldier.
- (r) That the man is so disabled as to be unable to perform the duties of a soldier.
- (s) That the man is so disabled as to be unable to perform the duties of a soldier.
- (t) That the man is so disabled as to be unable to perform the duties of a soldier.
- (u) That the man is so disabled as to be unable to perform the duties of a soldier.
- (v) That the man is so disabled as to be unable to perform the duties of a soldier.
- (w) That the man is so disabled as to be unable to perform the duties of a soldier.
- (x) That the man is so disabled as to be unable to perform the duties of a soldier.
- (y) That the man is so disabled as to be unable to perform the duties of a soldier.
- (z) That the man is so disabled as to be unable to perform the duties of a soldier.

No Claim for Exemption should be put forward unless one or other of these grounds in fact exists,
and no loyal citizen should assist in, or allow himself to be made a party to, any Claim for Exemption unless
thoroughly satisfied that it is made in good faith.

Exemption may be applied for by the man selected themselves or by their parents, next relatives or
employers. Application for exemption must be made on printed forms to be found at every post office,
where they are to be filled in and left with the postmaster if exemption is desired. The postmaster will forward
the form to a Registrar, who will send it to the appropriate Exemption Board. In due time, then, the
Applicant will get notice as to when he must present his case before the Board.

Bellevue Happenings

E. C. MacDonald was at Pincher Creek on Wednesday.

Mrs. Harry Haddon was visiting in Fernie this week.

T. M. Burnett made a business visit to Lethbridge this week.

Pie, Jack Hutton is home from Calgary for a few days with his parents.

Sgt. Major Fitzpatrick was down from Calgary for a few days this week.

Mrs. F. Hansen and Mrs. H. White were visitors to Blairmore on Tuesday last.

Quite a number of Bellevue people took in the hockey and whilst drive at Hillcrest on Monday last.

Dr. Little is opening up a dental parlor in Bellevue, and will spend two days a week here.

Mrs. E. Large and children left on Monday for Nelson, where they intend to spend the winter.

A grand dance will be given in the Workers hall at Bellevue on Friday night next, under the auspices of the Red Cross.

James Connor, who has been a patient at Mayo Bros' hospital for some time, returned home on Tuesday. His condition is improving slowly.

A daring hold-up, was committed here on Saturday night, when a masked band entered the bank market of P. Burns & Co., and at the point of a gun, under took to appropriate the large day-journal receipts.

Tom Hansen and J. Roy Knudsen, the two employees, were approached by the men who entered the store about 9 o'clock. "I was shot were fired from the gun, but before the second shot Hansen managed to secure the bulk of bills near by, so that the raiders could get away with but an insignificant sum. An alarm was made, but up to the present no clue as to the identity of the individual has been found. At first it was thought that blank shells were used by the raiders, but there is evidence to the contrary.

The restoration of Bellevue is rapidly taking place, but the operations were somewhat tied up owing to the heavy wind storm of Saturday last, which twisted several of the frames which had only just been placed in position. Judging from the work now going on at Bellevue and the size and style of the buildings under construction, the town is to be bigger and better than ever. The new P. Burns store is nearing completion, and will be much larger and better equipped than the building recently destroyed. The Bellevue Cafe is almost completed and business is already being conducted in the new stand. Work on the new flour-tan has been tied up owing to damage done by Saturday's wind storm. The T. M. Burnett store was sold on Monday, and the purchaser intends erecting a large store and hall on one lot, within a spacious theatre, to be in keeping with the times, will take position near by. This new theatre will be of the most modern type and will have a floor space of about seventy by twenty-five feet. The ground floor of the adjoining building will be utilized as a store, while overhead will be located a spacious hall, the floor space of which will be 57 by 25 feet. The new hall will have a hardwood floor and will be one of the finest dancing emporiums in the Crows' Nest Pass. Plans for the hall have been drawn up by the trustees of the L.O.O.F., who are to be leased, and whose new quarters will be located in Bellevue Lodge, which has the reputation of being the most progressive for the size of the community in the Province of Alberta. The theatre is also well under way, and is a large and modern, well-designed structure. The new residence of W. P. Williams suffered somewhat from the windstorm of Saturday, but the building is now fast taking on a finished appearance. Excavation

Cowley Happenings

J. H. Moore, of Mayercroft, was a Cowley visitor last Friday.

Mrs. B. W. Elton is visiting with friends in town a few days.

Geoff Elton has installed an electric lighting plant on his ranch.

N. A. Johnson, of Fremont, Nebraska, is a visitor at the Nelson ranch.

Mrs. Robert Carney, of Port Hope, Illinois, was a visitor in town recently.

Mrs. Thomas Iredale has been visiting friends in this district for some time.

John LaBrie shipped his stock to his new home in northern Alberta last week.

Mrs. Thomas Walder has returned from a visit with friends at Rockford, Alta.

The Alberta Pacific Grain Company are erecting a coal shed on the C.P.R. right-of-way.

Mrs. Joe Morgan has returned home after visiting in British Columbia for a few weeks.

Miss Effie Hill, who has been visiting at Glenhurst ranch for some time, has gone to Spokane.

Mr. and Mrs. Emory have returned from a short vacation with Mrs. Bundy's parents in Nova Scotia.

The Cowley hotel is being improved by the installation of an electric lighting plant and new furniture.

Thomas Choketel has returned to Cowley, having been with the C.P.R. bridge gang for the summer.

William Elton has taken charge of the Mead ranch, the owners having left for their home in the States.

Members of the North Fork Elk Association were busy last week getting their stock of the summer range in the forest reserve.

J. H. Frankel purchased the Ross brothers' store, but owing to the falling market has left with about Cleland for a month's feeding.

All material is on the grounds for the erection of the new telephone exchange building, but work has been held up by the recent bad weather.

Miss Mary Gilson has resigned her position on the Cowley hotel staff and gone to her home in Jasper. Miss Agnes McKewen filling the vacancy.

On account of the Women's Institute giving a dance on the 20th of October, the school fair and basketball social have been postponed till November 23rd.

On Sunday morning many flocks of wild geese and ducks were seen drifting north with the storm. The storm having abated somewhat in the afternoon, they drifted south again.

A quiet wedding was solemnized at the home of Mr. and Mrs. E. Nicholson on Wednesday last when Miss Charlotte Wiloughby was united in marriage to Mr. Arthur Wardman, both of Burns.

It would appear that dancing has not lost its popularity, there being three on the same night, October 20th, one in the town hall,

commenced last week, under Contractor Puzi, for the foundation of the two large stores being erected by the two Canadian Colonies. The buildings will cover about 75x70 feet of ground, will be of solid brick structure and be the largest and finest stores in this end of The Pass. We learn that already the ground-floor stores have been opened for. The upstairs will be used as an amusement room, club room, institute, etc., in connection with which will be a swimming pool and public bath in the basement.

another at Grassmere ranch, and yet another at the Tanner school house.

W. C. Robinson's auction sale held on the 18th was anticipated until the 19th, owing to bad weather. Good offers were realized. The Women's Institute served luncheon, the proceeds going to the Red Cross.

Cereals Sold In Bulk After Jan. 1

Ottawa, Oct. 24.—The food controller has extended by one month the period during which manufacturers and wholesalers and retailers, respectively, are to be permitted to sell small packages of cereals, cereal products, flour or other foods that are the product of wheat, oats, barley, rice, peas, beans, buckwheat, Indian corn or bulgur. Manufacturers and wholesalers are now to cease selling original packages containing less than twenty centimes net, on and after December 1, 1917. For retail wholesale the order becomes effective on and after January 1, 1918.

"We are trying to reduce the cost of distribution of foods to the lowest possible margin without affecting the whole economic machinery." Such was the statement made to the Canadian press today by Hon. W. J. Hanna, food controller, when interviewed in regard to the restrictions on the sale of package foods.

"The principal reason for the ordinance restricting the sale of certain package foods is that substitutes for wheat should be made available to the public as cheaply as possible in order to encourage their use."

"We have found that rolled, oats and many other products when sold in the smallest packages often cost over fifty per cent. more than when sold in bulk. People do not seem to realize when buying the common cereals in small packages that a large percentage of the cost is represented in the package and the advertising."

The food controller said if the manufacturers could prove that any specific was a cheap in packages as when sold in bulk he would have no objection to the package form.

Anglican Church

Last Sunday the Lord Bishop of Calgary came to The Pass for the purpose of confirming candidates presented from the towns of Blairmore and Coleman. He presided in a good congregation at 11 a.m., the occasion being observed as the second anniversary of the opening of the present Mission room. The expressed great pleasure at the progress which was being made, and took particular interest in the efforts being put forward to make the present building both useful and beautiful and warmly thanked Mr. Beech (whom he said he had known for a good many years) for his generous donation of the pulpit, and more recently of the altar rails. The Bishop, who has suffered at the throat, went upon the house and in his address to the congregation gave a message which will indubitably prove of real help to his hearers. He particularly emphasized the fact that community life is undoubtedly helped by a healthy church life in its midst.

At St. Allan's church at Coleman in the evening the Sacrament of Confirmation was administered, whereat candidates—six from Coleman and two from Blairmore—presented themselves for the laying on of hands. The procession formed into the church, led by Wardens H. W. Clark and H. G. Goodlove. The service was most impressive and the memory of this solemn rite will remain long with all who were present. As in Blairmore His Lordship spoke very cordially of the work that was being done and his words to the candidates, for whom the address was principally intended, will not soon be forgotten. An informal reception was afterwards held at the home of Mr. and Mrs. H. G. Goodlove.

While in Blairmore His Lordship was the guest of Mr. and Mrs. Wright, and of the children of Mr. and Mrs. Goodlove. Service at Blairmore on Sunday, October 28th, at 11 a.m. This Sunday will be observed as Children's Day and an address will be given on the subject, "The Child of God."

Sunday school as usual at 10.30.

Frank Happenings

J. Foster, of the McCall Bros., Calgary, was in town on Wednesday.

A full report of the subscription to the Rutiske Relief Fund will appear in our next issue.

The concert put on in the church hall last night by the Coleman opera troupe drew a crowded house and the programme was much enjoyed.

W. H. Hilton and Robert Niven left by Wednesday night's train for Weyburn, Alberta, where they are to be engaged as engineers. They have not yet decided to move their families.

A meeting of citizens was held during the week, at which resolutions were passed to petition the town council for the immediate re-establishment of a firehall on a new site and the location of shops broken at convenient corners, to be supplied with wrenches, nozzles and other equipment necessary in cases of emergency. A fire brigade was organized, consisting of twelve men, with A. F. Sherring as chief. The brigade will undergo practice as soon as the equipment is provided for them.

Fire on Monday morning destroyed the home of Veneal Rutiske, in the Bohemian section of the town. It appears that Mrs. Rutiske had gone out to the back yard, after having kindled a fire in the kitchen stove, and that during her absence a quantity of oily material near by became ignited, causing a great flame. A boy named Stokop in passing noticed the flame and smoke and immediately raised the alarm. Mrs. Rutiske entered the house and amid the flames and smoke extracted her little three-month-old child, which had already become somewhat burned about the arms and face. On bringing the child to safety it was found necessary to summon the doctor and Dr. MacDonald was immediately called and administered to the little one's sufferings. Fire gained rapid headway, while men were endeavoring to get hoses connected up to the nearest hydrants. It took some time, however, to make connection, with the result that the Rutiske house with all its contents was reduced to ashes. The firemen were successful in confining the fire to the one building, although others nearby were considerably scorched. The assistance was rendered the local volunteers by Alex. Morency, of Blairmore, who like a flash arrived on the scene in the nick of time. Mr. and Mrs. Rutiske lost everything and carried no insurance. Since the fire meetings have been held and a subscription is being raised for the relief of the victims.

A meeting of all interested in the formation of a young people's social club is to be held in Central Union church on Thursday evening next at 8 o'clock.

OF LOCAL AND GENERAL INTEREST

Twenty-seven persons are dead and fifty-three injured through an air raid made on England by seven zeppelins, Friday night last.

In an article in our issue last week dealing with the American donation to Canadian Red Cross, the words "moral training station" appeared, instead of "aerial training station."

Tuesday, October 30, has been selected as national fish day in Canada. It is hoped to establish Tuesday as a regular fish day, thus reserving fish from Friday, to which it has been so long attached.

Mr. Sterling, of Salmon Arm, B. C., socialist organizer and lecturer, addressed several meetings throughout the Pass during the week, and proceeded to Lethbridge from Hillcrest on Wednesday night.

The C.P.R. has granted the request of the chief of police and the council of Blairmore, and in addition to removing the barbed wire fence from approaches to the depot, have laid a cinder sidewalk from Fifth to Sixth avenues.

A grand Halloween dance is to be held in the Coleman opera house on the night of October 31st. Wednesday next, proceeds of which are to be given to the French Wounded Emergency Fund. It is hoped that the affair will be well patronized, as the cause is a most worthy and urgent one. Tickets are selling at \$1.50 for couple, and extra ladies will be charged for at the rate of fifty cents.

People cannot be required to economize by government regulations. The human individual is not made that way. The average individual must, for himself, or herself, see the bottom of the (Red) barrel, or some equivalent indication, before there is economy. The pinch of high prices seems necessary to enforce economy in the consumption of food and the elimination of waste. Every Canadian must say "I WILL HELP."

Date For Reporting For Military Service

Extended
An order in council has just been issued, declaring that the time for reporting for military service or making application for exemption is extended to the 15th December, 1917, that the local tribunals shall begin to sit on the 10th December, 1917, instead of the 4th November, 1917; that the days upon which the local tribunals shall receive personal applications shall be the 10th, 11th and 12th December, instead of the 8th, 9th and 10th of November, 1917; and that the earliest date upon which men shall be required to report for duty or to be placed upon active service shall be the 7th January, 1918.

Mrs. J. H. Farmer this week received word from her husband, stating that a piece of shell had been removed from his hip and that he expected to be back in the line in about a week.

The British soldier serving in the front line trenches was having a rather bad time of it with a particularly active and aggressive "insect pest," which was pasturing on his shoulder or thereabouts. At last unable to put up with it any longer, the irritated man performed a kind of contortionist trick, stooping down and trapping the left arm over his right shoulder; and—oh, joy!—secured his tormentor. But at the same instant a fragment of shell whistled above his head.

If he had not been giving refuge to the contortionist performance he would have been killed, and he recognized the fact at once. Gravely he held his prize "twixt thumb and fingers, and addressed it thus: "Well, you saved my life, you little devil. Thus, go back where you were!" And the captive was restored to its browsing ground.

All persons who wish to travel abroad and seeking to obtain the military sanction which is necessary, will, before applying for same, have "Application for Permission to Leave Canada" form duly filled out and attached to the above form; may be obtained through the postmaster. In addition to the above, if married, a certificate to that effect must be procured from some prominent person in the community in which the applicant resides, such as the mayor, a clergyman, etc. If married, a certificate of medical unfitness from one of the regular army medical boards. Application for the military sanction may then be made, preferably in person, to 408, Judge Trevis Building, Calgary.

By instruction of the Hon. Minister of Agriculture a free distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples of grain for distribution will consist of spring wheat (about 5 lbs.), white oats (about 5 lbs.), barley (about 5 lbs.), and field peas (about 5 lbs.). These will be sent out from the Central Experimental Farm, Ottawa, by the Dominion government and will fulfil the necessary application forms.

The distribution of potatoes in samples of about 8 lbs. will be carried on from most of the Experimental Farms, the Central Farm supplying only the province of Ontario. All samples will be sent free by mail. Only one sample of grain (and one of potatoes) can be sent to each applicant. As the supply of seed is limited, farmers are advised to apply very early.

On Thursday of last week, Dr. Gray made an ascent of Mount Sulphur, starting from the West hospital steps and taking the trail via Hot Springs hotel and the Hot Springs hotel, then following the mountain bridge path, making the distance in 1 hour 39 minutes. This was by way of a preliminary ascent of the mountain. On Saturday, October 6, Dr. Gray again made a climb of the mountain with a special effort to attack his own last record. This time he accomplished the ascent in 1 hour 23 minutes, and turning his heels immediately completed the round trip in 2 hours and 34 minutes—heel-and-toe all the way. Dr. Gray is an old-time athlete, being one of McGill's famous long distance men. It would be interesting to know the previous record climb of this mountain. What does N. B. Sanson know?
